

Regina Finn joins Lucerna Partners

31 October 2013

Lucerna Partners today announced that Regina Finn, outgoing CEO of OFWAT, will be joining as a partner from 11th November 2013.

Regina, who announced last May that she would be leaving Ofwat after seven years at the helm of the water regulator, brings a wealth of experience and expertise in the field of regulation, competition and consumer policy in the UK and elsewhere. She has a track record of strategic leadership, delivering complex policy projects and acting as a Board director with both private and public sector experience.

Regina said:

‘I am excited to be joining a team of experts with the dedication, professionalism and passion that drives delivery of the best possible outcomes – for customers, for firms, for regulators and for policy makers. This is a team that really knows what it wants to – and can – deliver. There are so many challenges facing regulation and public policy professionals – and we can help tackle those challenges.’

Regina was the first chief executive of Ofwat, headed up the Commission for Energy Regulation in Ireland, and the Office of Utility Regulation in the Channel Islands. She worked for the Irish Government and as deputy director of the telecommunications regulator in Ireland – now ComReg.

In addition to her work for Lucerna, Regina holds non-executive roles with Mutual Energy Limited, the Channel Islands Competition and Regulation Authority (CICRA) and Irish Water, the newly established water company in Ireland.
